4001 - LMZ

There is nothing that adds more to the
comfort of a home than a good lamp.

There is no light equal to that of the

"B. & H." LAMP

MERIDEN, CONN.

AND SOLD BY

LEADING DEALERS EVERYWHERE.

The many good things that
Have been told about
Every Lamp made,
Bewilder some buyers,
& in many instances they
Hardly know which one to choose.
Look for the trade-mark,
And if you find stamped in the
Metal these letters, "The B. & H."
Purchase it, and you are
Sure to be satisfied.

THERE is nothing that adds more to the
comfort of a home than a good light;
and no light equals that of the celebrated

“B. & H.” LAMP.

MADE BY

BRADLEY & HUBBARD MFG. CO.,

MERIDEN, CONN.,

AND SOLD BY

LEADING DEALERS EVERYWHERE.

“B. & H.” TABLE LAMPS.

THAT'S a strong statement, but a true
one, and is warranted by the popu-
larity of the Lamp, by its increasing
sales, and the good words spoken for it
by its many users.

We could easily fill the pages of
several books like this, with unsolicited
testimonials, from users of this wonder-
ful Lamp in all sections of the country,

as to its honest worth, the superiority of its light, and the complete satisfaction that it gives. It is just what you need, for you want the best.

BEST STYLES. **BEST LIGHT** **BEST FINISHES.**

THE PRICES ARE REASONABLE.

Purchase the genuine "B. & H.," and we are sure you will agree with thousands of others who are now using them, that you have

A PERFECT LAMP.

(4)

"B. & H." TABLE LAMPS.

No. 1325.

Height to top of Burner, 11 inches.
Embossed.

Detachable Seamless Metal Fount.
Finish: Polished Brass Relief, also
Oxidized Silver.

No. 1827.

Height to top of Burner, 11 inches.
Embossed.

Finish: Polished Brass Relief, also
Silver Relief.

(5)

A PERFECT LAMP is one that gives the best Light, with the least care.

One of the best features of "The B. & H." is its Double Center Draught. (It is the only Lamp made in this way.)

Two distinct currents of air continually passing up through the Burner, keep the lower part of the Burner and the Fount

"B. & H." TABLE LAMPS.

Founts not Detachable.

No. 1526.

Height to top of Burner, 11 inches.
Embossed.

Finish: Polished Brass Relief,
Silver Relief, or Nickel.

No. 321.

Height to top of Burner, 12 inches.
Embossed.

Finish: Polished Brass, Polished
Bronze, or Nickel.

No. 2124, same shape, different
Embossing.

No. 229 " " Plain.

cool, and supplies just the proper amount of air to produce perfect combustion, burning all the oil without smoke or smell, and consequently giving the brightest, clearest, steadiest light of any lamp.

A light equal to 75 candle power, and burning with steady brilliancy until the oil in the Fount is entirely consumed.

"B. & H." TABLE LAMPS.

Detachable
Seamless Metal Founts.

No. 1929.

Height to top of
Burner, 11 inches.
Rich, cast openwork.

Finish:
Polished Brass Relief,
also
Oxidized Silver.

No. 1626.

Height to top of Burner, 12 inches.
All cast.

Finish: Venetian Copper and Gold
Burnished Gold, or Old Ivory.

No. 1624.

Height to top of Burner, 11 inches.
Finish: Oxidized Silver, also Old
Ivory.

IT is as easily and quickly cared for as any other lamp, and the superior light that it gives more than repays any slight additional cost.

The wick-raising device is another of its good features. It is so simply made that it never gets out of order, is easiest to use, and sure in its operation.

"B. & H." BANQUET LAMPS.

Detachable
Seamless Metal Founts.

No. 1531.

Height to top of Burner, 28 inches.
Column and Base, finest Onyx.
Finish: Onyx and Gold.

No. 2425.

Height to top of Burner, 26 inches.
Gold, with Frosted Silver Wreath,
also Old Ivory, with Gold Wreath.

THERE is no complicated mechanism about the "B. & H." It is simple in construction, none but the best metals are used, and each part is carefully and perfectly made.

Every Lamp is thoroughly tested before leaving the factory, and guaranteed perfect.

Many valuable improvements have

"B. & H." BANQUET LAMPS.
